## ISTRUZIONE E FORMAZIONE

### Liceo Scientifico N.Rodolico

06/2022

### Università degli Studi di Firenze

#### SUSTAINABLE BUSINESS FOR SOCIETAL CHALLENGES (L-18)

The main objective of the Degree concerns the management of the economic and social changes currently occurring in society, with a particular focus on the related challenges and opportunities.

The Degree employs innovative forms of teaching, with the adoption of interactive and experimental learning methods. This degree helps me develop theoretical and managerial skills in order to successfully manage social innovation and spur social entrepreneurship, which is aimed at achieving a positive social impact in the external society, as well as a better inclusion of all agents with a particular attention to vulnerable groups.
